Section

- 1** **Age of taxicab vehicle.** Requires that the metropolitan airports commission cannot be more restrictive than Minneapolis or St. Paul in setting age limits for taxicabs operating at the Minneapolis-St. Paul international airport and for providing a process to get a variance for an older vehicle.
- 2** **Authorized permit transfers.** Allows the representative of a deceased taxicab permit holder to transfer the permit to a member of the permit holder's immediate family. Requires the transferee to comply with all ordinance requirements to which the permit holder was subject.
