Overview

This bill limits the tort liability of licensed private ambulance services to the liability limits that apply to local government ambulance services.

Section

- 1 Liability limits of nongovernmental licensees.** Makes the tort liability of licensed private ambulance services subject to the same limits as those that apply to tort claims against local governments generally, including local government ambulance services. Those limits are \$300,000 per claimant, \$1,000,000 per incident, and zero for punitive damages, as provided in Minnesota Statutes, section 466.04.
