### Overview

In early December 2006, a student at the Eden Valley secondary school spilled some mercury. The school district incurred substantial clean-up and remediation costs (in the range of \$100,000 to \$150,000). This bill appropriates an unspecified amount of money in fiscal year 2008 to the Commissioner of Education for a grant to the Eden Valley-Watkins school district to cover these costs.
