Section

- 1 Electronic documents study and report.** Requires the state's chief information officer to study how electronic documents and related mechanisms and processes can be created, maintained, exchanged, and preserved by the state in a manner that encourages appropriate government control, access, choice, interoperability, and vendor neutrality. Lists issues the study must consider, and people the chief information officer must solicit comments from in doing the study. Requires the chief information officer to report to specified legislative committee chairs by January 15, 2008.
