Overview

Under current law, a school district may lease instructional space and include that amount in its lease levy authority. The maximum levy amount is limited to the lesser of \$100 per pupil unit or the district's actual lease costs (districts that are members of intermediate school districts may levy an extra \$25 per pupil unit for lease costs of the intermediate). Current law does not allow a district to include in its levy authority the amounts for leased administrative space.

This bill authorizes the Spring Lake Park School District to include in its lease levy the costs leased for administrative space.

Section

- 1 Lease levy; Spring Lake Park School District.** Authorizes Independent School District No. 16, Spring Lake Park, to lease space for administrative purposes and include those costs in its lease levy amounts.
