Permits the city of Minneapolis by ordinance to set the operation of mobile food units to an annual maximum number of days in one place that would be different from the 21-day maximum set in statute.

Effective the day after enactment.

Minn. Stat. § 157.15, subd. 9, defines "mobile food unit" to mean "a food and beverage service establishment that is a vehicle mounted unit, either motorized or trailered, operating no more than 21 days annually at any one place or is operated in conjunction with a permanent business licensed under this chapter or chapter 28A at the site of the permanent business by the same individual or company, and readily movable, without disassembling, for transport to another location."

The commissioner of health licenses mobile food units.
