Overview

The Board of Medical Practice is authorized by law to revoke or deny a credential to a physician if the physician is convicted of a felony-level sexual conduct offense. This bill extends that law to all of the health-related licensing boards.

Section

- 1 Conviction of a felony-level criminal sexual conduct offense. Amends § 214.10, by adding subdivision 1a. Prohibits a health-related licensing board from granting a license to any person who has been convicted of a felony-level criminal sexual conduct offense. Requires revocation of a license if a licensee is convicted of a felony-level sexual conduct offense. States that a license that has been revoked or denied under this subdivision is not subject to chapter 364. Defines "conviction" and "criminal sexual conduct offense."
- **2 Exceptions.** Amends § 364.09 by adding that the provisions of this chapter do not apply to a credential that has been denied or revoked by any of the health-related licensing boards listed in section 214.01, subdivision 2. This exception currently applies to licenses to practice medicine issued by the Board of Medical Practice.
