Section

- 1** **Legislative Auditor duties.** Provides that when the Legislative Auditor determines that a state official or employee has used money for a purpose other than the purpose for which the money was appropriated, the Auditor must report this to the Legislative Audit Commission, the Attorney General, and the appropriate county attorney. Current law requires these reports when the Legislative Auditor finds a misuse of public money or other public resources.
- 2** **Misappropriation of money.** Provides a gross misdemeanor penalty (punishable by imprisonment for up to a year and a fine of up to \$3,000, or both) for a state official or employee who intentionally uses money appropriated by law, knowing that the use is for a purpose other than the purpose for which the money has been appropriated.
- 3** **Best practices for investigations.** Requires the Attorney General, in consultation with the commissioner of finance, to develop and make available to state appointing authorities, a best practices policy for conducting investigations in which the appointing authority compels its employees to answer questions about allegedly inappropriate activity. Requires that the policy be designed to facilitate effective investigations without compromising the ability to prosecute criminal cases when appropriate. Requires appointing authorities to follow the policies or to develop their own.
