The bill modifies the allowed uses of revenue generated by the city of Owatonna's local sales tax. Currently the city is allowed to use up to \$4.5 million for transportation projects listed in the 2004 U.S. Highway 14-Owatonna Beltline study. This allows the city to use up to \$1.5 million of the \$4.5 million for another road project in the city. The change in use would not require a local referendum. The amount allowed to be raised by the local sales tax remains unchanged.
