The bill provides for an increase in the LGA city aid base of \$250,000 for five years, for aids payable in 2010 – 2014, for a metropolitan area city with (1) a 2006 population less than 2,000 and (2) a population increase between 1996 and 2006 of at least 200 percent. The only city to meet these criteria is the city of Mayer. The LGA appropriation is not increased so this is a shift in distribution of the current appropriation.
