Overview

Modifies effective dates for lead certification requirements.

Section

- 1** **Lead certification.** Extends the deadline from February 1, 2011, to August 1, 2011, for municipalities to verify the lead certification qualifications of residential contractors, remodelers, manufactured home installers, and roofers prior to issuing building permits.
- 2** **Pre-1978 structures.** Extends the deadline from February 1, 2011, to August 1, 2011, for residential contractors, remodelers, manufactured home installers, or roofers performing work on structures constructed prior to 1978 to become certified to perform lead work under EPA regulations.
