Provides that the Washington County Housing and Redevelopment Authority (HRA) has jurisdiction in and may operate in all areas of the county, including within cities in the county whether or not they have their own HRAs. A county HRA project and its location within a city or town requires approval by the city or town. The bill also provides that the Washington County HRA operates under the current laws governing county HRAs, striking references to the prior municipal HRA statutes. Effective upon local approval by the county.

States that the bill provisions are remedial in nature and do not affect the validity of any actions taken by the county HRA before the effective date of the bill. Effective the day after enactment.
