Overview

This bill allows licensed physician assistants to directly bill MA for certain medication management services.

Licensed physician assistant services. Amends § 256B.0625, subd. 28a. Allows licensed physician assistants supervised by a physician certified by the American Board of Psychiatry and Neurology or eligible for board certification in psychiatry to bill for medication management services provided to MA enrollees, if these services are consistent with their authorized scope of practice and provided in an inpatient hospital, hospital-based outpatient behavioral health clinic, comprehensive community mental health center, or federally qualified health center.
