Overview

Allows school boards to formally adopt a full-service school zone in an area with socioeconomic challenges in order to provide education, health, human services, and other parental support in collaboration with city, county, state, or nonprofit agencies and allows the school board to provide students with transportation to attend the school.

Full-service school zones. Allows school boards to formally adopt a full-service school zone in an area with socioeconomic challenges in order to provide education, health, human services, and other parental support in collaboration with city, county, state, or nonprofit agencies. Allows the school board to provide students with transportation to attend the school if the transportation stabilizes enrollment and reduces mobility rates at the school.

Makes this section effective July 1, 2011.

Definitions. Includes transportation to and from full-service school zones within the definition of excess transportation.
