Makes the soil and water conservation district statute relating to redistricting consistent with Minnesota Statutes, section 204B.135, subdivision 2, which provides

“For purposes of this subdivision, “local government election district” means a county district, park and recreation district, school district, or soil and water conservation district. Local government election districts, other than city wards covered by subdivision 1, may not be redistricted until precinct boundaries are reestablished under section 204B.14, subdivision 3, paragraph (c). Election districts covered by this subdivision must be redistricted within 80 days of the time when the legislature has been redistricted or at least 15 weeks before the state primary election in the year ending in two, whichever comes first.”
