### Section

- 1** **Vacation donation to sick leave account.** Current law allows a state employee to donate up to 40 hours of vacation leave each fiscal year to the sick leave account of other state employees. Current law allows a recipient employee to use the donations for a life-threatening condition of the employee, spouse or dependent child that prevents the employee from working. This bill adds that a recipient state employee may use up to 80 hours of donated time after the death of a spouse or dependent child.
