---

This bill adds a subdivision to the law governing sales representative agreements and the termination of those agreements that would prohibit manufacturers, wholesalers, assemblers, and importers from adding to agreements with sales representatives that the laws of another state apply to the agreement or that any of the law related to the termination of sales agreements in this section are inapplicable to the agreement. The bill states that any agreement provision doing so is void, and the law would apply to sales representative agreements entered into, renewed, or amended, on or after August 1, 2014.
