Section

- 1 Chair; appointment, officers, selection; duties and compensation.** Strikes language enacted in 1985 that requires the annual budget to account separately for compensation, travel, and expenses for the chair and members, and that compensation or reimbursement will be made only when budgeted.

Other law governing the council's budget, section 473.13, subdivision 1, requires in part that "on or before December 20 of each year, the council shall adopt a final budget covering its anticipated receipts and disbursements for the ensuing year and shall decide upon the total amount necessary to be raised from ad valorem tax levies to meet its budget. The budget shall state in detail the expenditures for each program to be undertaken, including the expenses for salaries, consultant services, overhead, travel, printing, and other items. The budget shall state in detail the capital expenditures of the council for the budget year, based on a five-year capital program adopted by the council and transmitted to the legislature."
- 2 Regional administrator.** Strikes reference to certain personnel that the regional administrator does not have appointment authority over: the performance and budget analysts, provision for which is repealed in the bill, and employees of offices that at the time this provision was enacted (1994) were being merged into the council.
- 3 On metro agencies.** Strikes obsolete reference to the council making appointments to the cable communications board. Section 238.43, subdivision 5, referred to in the stricken language, required the appointments to be made in 1985, if necessary.

- 10 **To metro local governments (parks and open space system).** Corrects the reference to refer to implementing agencies for the regional park system. The implementing agencies are defined in section 473.351, subdivision 1, to mean the counties of Anoka, Washington, Ramsey, Scott, Carver, Dakota, the city of St. Paul, the city of Bloomington, the Minneapolis Park and Recreation Board, and the Three Rivers Park District.
- 11 **Ride sharing (transit system).** Strikes the requirement that the council establish a ride-sharing advisory committee. The council has general authority to establish advisory committees.
