Subject: Use of American Steel

Analyst: Mark Shepard

This publication can be made available in alternative formats upon request. Please call 651-296-6753 (voice); or the Minnesota State Relay Service at 1-800-627-3529 (TTY) for assistance. Summaries are also available on our website at: www.house.mn/hrd/.

Overview

Requires that contracts for public works financed in whole or in part by state appropriations or local or state tax revenue must require that American steel products be used in performance of the contract and any related subcontracts. This requirement does not apply if the public agency entering into the contract determines that American steel products are not available or that the cost of using American steel products would exceed 15 percent of the cost of other steel products.
