Article 3: Public Safety

Overview

This article contains policy provisions related to the Department of Public Safety, firearms, and crime victims.

- 1 **Legal proceedings; protective order.** Provides that a person or entity may not be compelled to disclose the actual address of a participant in the Safe at Home Address Confidentiality Program in a legal proceeding, unless the court or tribunal determines that there is reason to believe that the matter cannot proceed without disclosure, and there is no other practicable way of obtaining the information or evidence. The court must provide notice to the program participant of the requested disclosure and give the participant an opportunity to present evidence of any potential harm to the participant due to the disclosure. The court must determine whether the interest in disclosure outweighs the harm to the program participant's safety. In a criminal proceeding, the court must order disclosure if protecting the address would violate the defendant's constitutional confrontation rights.

The order for disclosure must be limited to ensure that the address is disclosed no wider than that necessary for purposes of the investigation, prosecution, or litigation.

This section maintains the existing permissive authority for a court or tribunal to issue a protective order to prevent disclosure of information that could reasonably lead to the discovery of a participant's location. [H.F. 654, 2nd eng., § 1]

Section

- 2 **Discoverability of not public data.** Requires consideration of potential Safe at Home data protections when not public data are considered for release during the discovery phase of a legal proceeding. [H.F. 654, 2nd eng., § 2]

[H.F. 1434, 1st eng., § 1]
- 4 **Definitions; scrap vehicles.** Strikes the definition of “interchange file specification format” (*i.e.*, APS) from the section on scrap vehicle transactions and reporting. Section

Requires the chief law enforcement officer to certify a person eligible to possess the restricted items if the person is not prohibited from possessing firearms or subject to charges that would make them ineligible.
- Para (c).** Limits what information a chief law enforcement officer can request for purposes of certifying someone under paragraph (b). Creates a presumption that a person who holds a valid permit to carry is qualified to be certified under paragraph (b). Prohibits a chief law enforcement officer from requiring an applicant to grant access to private property to conduct an inspection as a condition of certification.
- Para (d).** Restricts the chief law enforcement officer’s authority to deny certification under this subdivision.
- Para (e).** Grants immunity to chief law enforcement officers and their employees who act in good faith when making a certification.
- Para (f).** Establishes due process rights for those whose request for certification is denied. [H.F. 1434, 1st eng., § 3]

In both situations, this section removes the contiguous state limitation and expressly allows for the sale and purchase of firearms from any state.

- 22 Recognition of permits from other states.** Amends the Minnesota Personal Protection Act to require the Commissioner to only place states with laws that are not “similar” to Minnesota’s law on the non-reciprocity list. The Minnesota Personal Protection act requires the commissioner of public safety to annually publish a list of states that have laws governing the issuance of permits to carry weapons that are **not substantially** similar to Minnesota’s laws regarding permits to carry weapons. An individual with a permit from a state that is on this list may not use the license or permit in Minnesota. **[H.F. 305]**

23 Authority to seize and confiscate firearms.

Para. (a). Provides that this section applies only during a state of emergency proclaimed by the Governor relating to a public disorder or disaster.

Para. (b). Provides that a peace officer may disarm an individual only temporarily and only if the officer believes it is immediately necessary. Before releasing the individual, the peace officer must return any seized weapons, ammunition, or accessories unless the officer takes the individual into custody or seizes the items as evidence.

Para. (c). (3) In an action or proceeding to enforce this section, the court must award the prevailing plaintiff reasonable court costs and expenses, including attorney fees.

- 24 Statewide accounting of untested rape kits.** Requires the director of the forensic science division of the Bureau of Criminal Apprehension, each executive director of a publicly funded forensic laboratory, and each sheriff and chief of police to prepare a written report, by August 1, 2015, that identifies the number of untested rape kits in the possession of the official’s agency or department. Defines “untested rape kit” as a rape kit that has not been

Section

submitted to the bureau for DNA analysis or a rape kit in the possession of the bureau that has not undergone DNA analysis.

Requires the superintendent to prepare a report by December 1, 2015, that identifies each untested rape kit disclosed, provides explanation of why each kit was not tested, and provides a plan to resolve any backlog of untested rape kits. [H.F. 1140, 1st eng.]

Article 5: Corrections

Overview

This article contains policy provisions regulating corrections and probation.

- 1 Insurance contributions; former employees.** A 2014 law requires the Commissioner of Corrections to continue to make the employer contribution for insurance coverage for any former Department of Corrections employee who was a member of the Minnesota State Retirement System (MSRS) general plan who was assaulted by an inmate at a state correctional institution and was determined to be totally and permanently physically disabled under MSRS laws.

This section extends the law to apply to positions covered by either the MSRS correctional plan or the general state employees retirement plan and to former employees assaulted by either patients at institutions under control of the Commissioner of Human Services or inmates at state prisons. [H.F. 329]
- 2 Restraint.** Requires that, if wrist restraints are used on a pregnant, incarcerated woman, they must be applied so the woman may protect herself and her fetus in case of a forward fall. [H.F. 1247, § 1]
- 3 Required annual report.** Requires an annual legislative report by the commissioner of corrections on the use of restraints on pregnant women, women in labor, and postpartum

Section

women incarcerated in state and local correctional facilities. No reporting is required on use of handcuffs on the front of the body of a pregnant woman. [H.F. 1247, § 2]

- 5 **Requirements.** Amends standard of care provided by correctional facilities relating to incarcerated women: (1) requires current pregnancy testing be taken within 14 days of incarceration (applies to women under age 50 who consent); (2) strikes requirement to test for sexually transmitted diseases and replaces with requirement on providing prevailing medical standard of care; and (8) extends notice on laws and policies to be given to women who have given birth in the past six months (applies currently to pregnant women). [H.F. 1247, § 4]
- 6 **Supervised release; electronic surveillance.** Authorizes the Commissioner of Corrections to keep an inmate in custody or under direct probation supervision until the inmate has electronic surveillance activated. Places the burden of ensuring the inmate's home is properly equipped and the inmate's telecommunications system is properly configured on the inmate. Failure to maintain the proper equipment or configuration is grounds for revocation of supervised release. [H.F. 969, § 3]
- 7 **Intensive supervised release; electronic surveillance.** Requires direct supervision of a state prison inmate designated for intensive community supervision until the offender's electronic monitoring is activated in cases where the Commissioner of Corrections imposes electronic monitoring as a condition of the offender's release. Places the burden of ensuring the inmate's home is properly equipped and the inmate's telecommunications system is properly configured on the inmate. Places the burden of ensuring the juvenile's home is properly equipped and the juvenile's telecommunications system is properly configured on the juvenile's parent or guardian. [H.F. 969, § 5]
- 9 **Community corrections aid calculation.** To determine the community corrections aid amount to be paid to each participating county, the commissioner of corrections must apply a formula provided under Minnesota Statutes 2014, section 401.10, subdivision 1. This section modifies how the base funding amount used in this formula is calculated. Currently, each participating county's base funding amount is the aid amount that the county received under this section for fiscal year 1995 as reported by the commissioner of corrections. This section adds the amount received by a county in caseload or workload reduction, felony caseload reduction, and sex offender supervision grants in fiscal year 2015 to the county's base funding amount.

This section also makes the same change to how the aggregate base funding amount is calculated. The aggregate base funding amount is equal to the sum of the base funding amounts for all participating counties. If a county that did not participate under this section in fiscal year 1995 chooses to participate in any given year, then the aggregate base funding amount must be increased by the amount of aid that the county would have received had it participated in fiscal year 1995 plus the estimated amount it would have received in caseload

Section

or workload reduction, felony caseload reduction, and sex offender supervision grants in fiscal year 2015. [H.F. 2044]

- 12 **Colton's law; title.** Identifies sections 6, 7, 8, 10, and 13 dealing with electronic surveillance of offenders as Colton's law. [H.F. 969, § 1]

Article 6: General Criminal Provisions

Overview

This article contains provisions relating to crimes and crime victims.

- 1 **Protection of identities.** Expands data protections by prohibiting public access to law enforcement data that would reveal a sex trafficking victim's identity. [H.F. 1232]
- 2 **Reckless driving.** (a) Amends the crime of reckless driving. Strikes the current definition of reckless driving – “willful or . . . wanton disregard for the safety of persons or property”, and replaces it with driving “while aware of and consciously disregarding a substantial and justifiable risk” of harm to persons or property.

(c) Maintains the misdemeanor penalty for reckless driving, except in cases resulting in great bodily harm or death, the penalty is a gross misdemeanor. [H.F. 1085, as amended]
- 3 **Application.** Amends careless and reckless driving statute. Provides that a person may be prosecuted for conduct that constitutes any other crime. [H.F. 1085, as amended]
- 4 **Texting and driving.** Establishes a \$150 fine for second and subsequent violations of the prohibition on using a wireless communications device (such as texting on a cell phone) while driving. The \$150 is in addition to any amount set by the courts in its schedule for fines for various violations that can be paid without a court appearance. [H.F. 1596, as amended]
- 5 - 9 **Aggravating factor; DWI.** Lower the blood alcohol concentration (BAC) from .20 to .16 for the definition of aggravating factor. Aggravating factors enhance criminal provisions under DWI law, including penalties, assessments, and level of care recommendations. (This would

Section

make the BAC threshold for criminal penalties the same as for administrative sanctions.)
[H.F. 1255]

- 10 Judicial hearing; implied consent.** Amends the DWI implied consent law to specifically authorize a petitioner to raise the affirmative defense of necessity. Under common law, necessity is a defense “in emergency situations where the peril is instant, overwhelming, and leaves no alternative but the conduct in question.”

This section is in response to a recent Minnesota Supreme Court ruling (*Axelberg v. Commissioner of Public Safety*) holding that the common law affirmative defense of necessity is not available in DWI implied consent proceedings. [H.F. 291, 1st eng.]

- 11 Registration required.** Amends the predatory registration statute.

Requires offenders convicted of committing felony violations of the new crime created in section 28 (“nonconsensual photographs and videos”) to register as predatory offenders. [H.F. 1433].

Expands registration to all sex trafficking offenses (not just those involving a minor) and to all prostitution offenses involving minors (not just those involving a minor under 13). [H.F. 1232]

- 12 Definitions.** Adds sex trafficking to the definition of “violent crime” under section 609.1095. A person who commits dangerous or repeat “violent crimes” is subject to increased and mandatory sentences. [H.F. 1232]

- 13 Definitions; CVO.** Defines “qualified prior driving offense” as a prior conviction for:

- (1) first, second, or third-degree DWI;
- (2) fourth-degree DWI involving damage to property;
- (3) careless/reckless driving involving harm to or death of another, or damage to property;
- (4), (5), & (6) Criminal vehicular homicide or injury involving impairment.

See sections 14 and 15. [H.F. 71, as amended]

- 14 - 15 Criminal vehicle homicide.** Create a 15-year felony for a person convicted of criminal vehicular homicide involving impairment, occurring within ten years of a prior “qualified driving offense.” (The current penalty is a ten-year felony.) [H.F. 71, as amended]

- 16 Secure treatment facility personnel.** Expands the fourth-degree assault protections to employees supervising and working directly with mentally ill and dangerous patients at the Minnesota Security Hospital. Currently, this subdivision covers only employees working in the sex offender programs at Moose Lake and the Minnesota Security Hospital (ch. 253D).

This section expands the definition of “secure treatment facility” to include the entire Minnesota Security Hospital. In addition, paragraph (c) amends the crime to include assaults by persons committed as mentally ill and dangerous (§ 253B.18) and patients admitted from jail or prison who are ordered confined for a competency examination (§ 253B.10, cl. (1)).

The penalty for fourth-degree assault under this subdivision is a two-year felony. [H.F. 783]

- 17 Consecutive sentences; assaults committed by inmates.** Amends provision requiring consecutive (vs. concurrent) sentencing for assaults committed by inmates while confined in

Section

a state correctional facility. Requires consecutive sentencing for assaults committed by an inmate receiving medical assistance services while in a medical institution. [H.F. 1088, § 6]

- 19 No defense; undercover operative.** Provides that the use of an undercover operative is not a defense to a charge under section 609.324 (patrons/prostitution). [H.F. 1232]
- 20 Affirmative defense.**
- Updates a cross-reference to reflect re-structuring of section 609.324 (prostitution) in the 2011 session.
 - Amends the burden to establish an affirmative defense to a prostitution charge by a trafficking victim. Requires defendant to prove that the acts were the result of being a trafficking victim. Currently, the defendant must prove the acts were committed under compulsion by another through threat of bodily harm. [H.F. 1232]
- 21 Fifth degree criminal sexual conduct.** Extends the offense of fifth-degree criminal sexual conduct to cover cases where the criminal sexual contact is made through the offender's seminal fluid. [H. F. 889, as amended]
- 22 Records pertaining to victim identity confidential.** Expands data protections by prohibiting public access to charging documents that would reveal a sex trafficking victim's identity. (Current law protects sexual assault victims.) [H.F. 1232]
- 23 Definitions; forfeiture.** Adds the crime of financial exploitation of a vulnerable adult to the list of felony-level, designated offenses in the forfeiture laws. (A felony-level crime under Minnesota Statutes, section 609.2335, involves more than \$1,000 in stolen property.) [H.F. 104]
- 24 Real or personal property arson resulting in bodily harm.**
- Subd. 1. Penalty; felony.** Creates a new offense for intentionally setting fire to property which proximately causes bodily harm to any person, including a public safety officer. Provides graduated penalties based on the resulting harm:
- ▶ Great bodily harm – 20-year felony
 - ▶ Substantial bodily harm – 10-year felony
 - ▶ Demonstrable bodily harm – 5-year felony
- Subd. 2. Definitions.** Provides that “personal property” does not include items where fire is involved in the normal intended use of the property (e.g., candle wick, campfire logs).
- Defines “public safety officer” under § 299A.41, subd. 4, which includes peace officers (local, state, reserve, DOT), correctional officers, volunteer and full-time firefighters, arson investigators, EMS personnel, hazardous material responders, good Samaritans, ambulance drivers, and certified first responders. [H.F. 801, as amended]

Section

- 25 Excluded fires.** Provides that a violation under section 24 does not occur if the person sets the fire with a permit or permission from the fire department. **[H.F. 801, as amended]**
- 26 Wildfire; penalty.** Strikes the current 10-year felony for intentionally setting a wildfire that causes bodily harm to another. Cross-references the graduated penalties created in section 24. **[H.F. 801, as amended]**
- 27 Adulteration by bodily fluid.**
- Subd. 1. Definition.** Defines “adulteration” and “bodily fluid” for purposes of this section. “Bodily fluid” means human blood, seminal fluid, vaginal fluid, urine, or feces.
- Subd. 2. Crime.** Creates the new crime of adulteration by bodily fluid.
- Para. (a).** Establishes a misdemeanor penalty for adding saliva to a substance that is intended for human consumption and another person ingests the substance.

(Subdivision 1 prohibits a variety of other acts of surreptitious recording in places where the victims would have a reasonable expectation of privacy.)
- Para. (c).** Establishes a gross misdemeanor penalty for violations of Paragraph (a) that do not involve aggravating factors.
- Para. (d).** Establishes a three-year felony for violations of Paragraph (a) when the victim is a minor under the age of 18.
- Para. (e).** Establishes a three-year felony for violations of Paragraph (a) when the perpetrator is a registered predatory offender.
- Para. (f).** Establishes a three-year felony for violations of Paragraph (b) that do not involve aggravating factors.
- Para. (g).** Establishes a five-year felony for violations of Paragraph (b) when the victim is a minor under the age of 18.
- Para. (h).** Establishes a five-year felony for violations of Paragraph (b) when the perpetrator is a registered predatory offender.

[H.F. 1433]

- 29** **Criminal defamation.** Amends the criminal act of defamation to punish only statements made that were knowingly false. - 30 - 31** **Polygraph prohibition.** Prohibit law enforcement or prosecutors from requiring a sex trafficking victim to submit to a polygraph as a condition of charging the case. (Current law protects sexual assault victims.) **[H.F. 1232]**

- If physical evidence is collected and preserved that is capable of DNA testing, there is no limitations period.
- Otherwise,
- If the victim was under age 18 at the time of the offense, limitations period is nine years after the offense or three years after reporting offense to law enforcement, whichever is later.
 - If the victim was 18 or older at the time of the offense, limitations period is nine years after the commission of the offense. **[H.F. 1232]**
- 34** **Jacquelyn Devney and Thomas Considine Roadway Safety Act.** Identified as sections 2 and 3 (Reckless driving; enhanced penalties). **[H.F. 1085, as amended]**
- 35** **Revisor instruction.** Directs Revisor to update cross-references consistent with changes in sections 14 and 15 (CVH; enhanced penalties). **[H.F. 71, as amended]**

- 1** **Disaster assistance contingency account.** Authorizes the use of money from the disaster assistance account to provide matching funds received from the Federal Highway

- 5 **Payment required; eligibility criteria.** Replaces a reference to “local” government with a reference to “county” government clarifying that the criteria for disaster assistance includes a declaration of a disaster or emergency by the state or county government. [H.F. 849, § 19]
- 6 **Application process.** Establishes timelines for counties to request that the governor declare a state disaster and specifies what a county’s request for declaration of a state disaster must include. [H.F. 849, § 20]

Article 8: Controlled Substances

Overview

This article amends the state’s controlled substance schedules. Many of the proposed changes will align Minnesota’s controlled substance schedules II through V with federal schedules II through V. The U.S. Drug Enforcement Administration has amended the federal schedules, but the state has not made corresponding changes to the state’s controlled substance schedules. Of the federal changes, the addition of tramadol to Schedule IV and the movement of hydrocodone-containing products (e.g., Vicodin) from Schedule III to Schedule II are the two most noteworthy.

Healthcare practitioners will not be impacted by the federal rescheduling of prescription drugs such as Vicodin because the practitioners will continue to be authorized to prescribe and dispense the drugs. The changes will, however, strengthen the tools available to law enforcement agencies and prosecutors in holding persons who are found in possession of, selling or abusing these drugs without a valid prescription accountable.

This article also adds certain synthetic cannabinoid, stimulant, and hallucinogenic drugs to Minnesota’s controlled substance schedule I. Most offenses involving schedule I drugs are felonies. An important exception is the penalties for the sale and possession of synthetic cannabinoids. Although some synthetic cannabinoid sale offenses are felonies, others are gross misdemeanors and the possession of synthetic cannabinoids is a misdemeanor. [H.F. 1376]
