### Overview

This bill directs the commissioner of commerce to seek federal approval for a proposal to allow individuals to purchase qualified health plans directly from health plan companies, and receive advanced premium tax credits and cost-sharing reductions. The bill modifies salary procedures for the MNsure director and managerial staff, and eliminates certain exemptions for MNsure from state laws related to open meetings, state procurement, and state technology systems. The bill also requires, among other things, the governor to appoint the executive director of MNsure, adds members to the MNsure board, eliminates the authority for the board to select health plans for the exchange, subjects navigators to background checks, and requires the board to report specified information to the legislative oversight committee.

### Section

- 1**      **Expanded access to qualified health plans and subsidies.** Requires the commissioner of commerce, in consultation with the MNsure board and the MNsure legislative oversight committee, to develop a proposal to allow individuals to purchase qualified health plans directly from health plan companies (rather than through MNsure), and receive advanced premium tax credits and cost-sharing subsidies. Requires the commissioner to seek all federal waivers and approvals to implement this proposal. Requires the commissioner to submit a draft proposal to the MNsure board and legislative oversight committee at least 30 days before submitting the final proposal to the federal government, and to notify the board and oversight committee of any federal decision or action related to the proposal.
