Overview

Proposes to facilitate the participation of charter school students in high school league-sponsored competitions.

Section

- 1 **Rule for open enrollees.** (d) Directs the Minnesota state high school league to reduce barriers to allowing charter school students to participate in a league-sponsored competition in their resident school district when the charter school enrolling the student does not participate in a league-sponsored competition, or is not a party to a cooperative agreement with another league member school district or school participating in the league-sponsored competition.
- 2 **Otherwise, conferences are voluntary.** Precludes a league conference from prohibiting its member schools from entering into cooperative agreements with charter schools.
