---

This bill authorizes candidates for offices that qualify for a public subsidy payment to submit the required affidavit of contributions to the Campaign Finance and Public Disclosure Board electronically.

The affidavit of contributions is the document that certifies a candidate has received the minimum amount of private contributions necessary to qualify for the public subsidy program.

This bill also repeals an existing administrative rule that requires a candidate's affidavit of contributions to be notarized, and prohibits the board from requiring notarization of the affidavit in the future.
