Appropriates \$275,000 to the Community Economic Development Association (CEDA) for an economic development study and analysis of the effects of current and projected economic growth in southeast Minnesota. Requires CEDA to hire an independent entity to conduct the study, which should include policy recommendations for how the region can respond to projected economic changes, and CEDA must report the results of the study to the committees with jurisdiction by February 15, 2019. The report and all supporting information gathered in its creation will then be made available to cities in southeast Minnesota by March 15, 2019.
