### Overview

This bill allows for electronic storage of records on motor vehicle and driver licensing transactions that have been handled by deputy registrars (who operate motor vehicle registration and titling offices under authorization by the Department of Public Safety) and driver's license agents (who similarly operate driving licensing offices).

#### Section

- 1 Deputy registrars.** Permits deputy registrars to store motor vehicle transaction records electronically after 60 days have passed, subject to Department of Public Safety requirements and creation of an audit trail. Makes deputy registrars responsible for associated costs.
- 2 Application.** Permits driver's license agents to store motor vehicle transaction records electronically after 60 days, subject to Department of Public Safety requirements and creation of an audit trail. Makes the agents responsible for associated costs.
- 3 Electronic storage standards.** Directs the Department of Public Safety to develop standards by August 1, 2017, on secure electronic storage of data as well as paper destruction procedures for deputy registrars and driver's license agents. The authority to develop the standards expires August 1, 2018.
