Overview

This bill provides an operating payment rate increase for an intermediate care facility for persons with developmental disabilities (ICF/DD) located in Murray County.

ICF/DD facilities are medical assistance (MA) facilities that serve persons with developmental disabilities and related conditions who require the level of care provided in an ICF/DD and who choose such services.

In order to be eligible for ICF/DD services, a person must:

- have a developmental disability or a related condition;
- require a 24-hour plan of care;
- require active treatment;
- meet MA income and asset requirements; and
- request ICF/DD services.

Minnesota contracts with ICF/DD facilities for services and sets rates for each facility. Persons may pay through private insurance, Medicare, MA, and/or a combination of all three. Services are a predesigned package and include:

- room and board;
- services during the day and active treatment; and
- transportation.

Related medical services may be covered as part of the rate.
