Overview

Nett Lake is an independent school district located in the northern parts of St. Louis County and Koochiching County. The district serves students prekindergarten through grade 8, enrolling about 100 students in kindergarten through grade 8. Much of the property within the district's boundaries is exempt from property taxes, and the district's property tax base per pupil is exceedingly low. This means that unequalized levies impose a substantial tax on the taxable property within the school district.

H.F. 2836 adds that portion of the Nett Lake school district located in St. Louis County to the definition of the taconite assistance area in Minnesota Statutes, section 273.1341.

Section

- 1 Taconite assistance area.** Adds the portion of the Nett Lake school district located in St. Louis County to the definition of the taconite assistance area in Minnesota Statutes under section 273.1341.
