This bill appropriates \$250,000 for the Mounds View school district to provide scholarships for teachers who teach secondary school courses for postsecondary credit through the district's early college program. Beginning September 2022, a teacher must have at least 18 graduate-level credits in the discipline they are teaching to continue to teach such courses. The scholarships would allow teachers to enroll in up to 18 credits in an applicable subject area. The bill makes the funds available until June 30, 2022.
