Subd. 1. Definition. Defines “public gathering space” as a space constructed or renovated and intended for use by 15 or more people and in which audible communications are integral to use of the space.

Subd. 2. Accommodation. Prohibits state capital grants or contracts for construction or renovation of a public gathering space unless the project is equipped with audio-induction loops, if there will be a permanent audio-amplification system, and the project meets standards on background noise and reverberation.

Subd. 3. Exemption. Exempts a project from the requirement if it is not feasible, in conflict with other law or other project requirements, or the costs outweigh the benefits. Requires the commissioner to consult with the Commission on Deaf, Deafblind, and Hard-of-Hearing Minnesotans before making a determination.

Subd. 4. Exemption reports. Requires reports on exemptions made.

Effective date: This section is effective the day after enactment and applies to projects funded in a law enacted after January 1, 2017. Does not apply to a project that has completed schematic design on the effective date of this section but encourages compliance before then.

- 4 **Standards (natural resources asset preservation).** Adds project to remove life safety hazards such as building code violations or structural defects to the allowable uses of money appropriated to DNR for asset preservation.
- 5 **Upper bluff; lease term.** Amends the law governing the DNR’s authority to lease property at the Upper Bluff of Fort Snelling State Park. Requires a lease of state bond financed property that is more than 50 years to be treated as a sale of the property and proceeds of the sale must be used to pay, redeem, or defease state GO bonds issued for the improvements to the buildings. After that, lease payments may be used to make capital improvements by the tenants, as currently provided in this section of statute.
- 6 **Certification and disbursal for project of political subdivision.** Local bridge rehabilitation grant program technical, clarifying change.
- 7 **Bridge costs in smaller cities.** Local bridge rehabilitation grant program technical, clarifying change.
- 8 **Fracture-critical bridges.** Local bridge rehabilitation grant program technical, clarifying change.

Provides that if all projects on the commissioner’s priority list for which the state share is \$7 million or less have been funded, then the commission may make grants for more than \$7 million.
- 10 **Crude oil and hazardous materials rail safety account.** Establishes a hazardous materials rail safety program and account in the bond proceeds fund. - 13 **Other uses of fund (drinking water revolving fund) (PFA).** Technical. Provides a cross-reference to section with criteria (new WIF language in section 446A.072) and strikes criteria in this section

- 22 **National Sports Center; lease.** Permits the Minnesota Amateur Sports Commission (MASC) to lease to the Spring Lake Park school district state bond-financed property at the National Sports Center in Blaine. The lease may be for up to 99 years. Permits the tenant to make capital improvements in lieu of rent. Appropriates rent payments made to the MASC.
- 23 **Revisor's instruction.** Technical, related to the repeal of section 123A.446.
