Article 2: Courts

Overview

This article contains provisions relating to courts.

- 1 Commitment papers; duty of court administrator.** Strikes requirement to submit transcript of sentencing proceedings to detention facility. [**H.F. 2431**]
- 2 Appointment of counsel.** Allows a child who is ten or over to be appointed counsel -- who is not a public defender -- in a juvenile proceeding at the public expense and requires the parent, guardian, or custodian of the child to be appointed counsel when the parent meets certain income guidelines. This section also requires the court to notify a child over the age of ten of their rights to free counsel and requires the social service agency to notify the child

Section

of the right if they are the subject of a case and they turn ten during an on-going case. [H.F. 1702]

- 3 **Waiver.** Requires a child over the age of ten to waive the right to counsel in writing and does not allow the parent or other party to a case to waive the child's right to counsel. [H.F. 1702]
- 4 **Notice.** Requires the court to send notice of review hearings for juvenile court to the attorney appointed for a child in the case. [H.F. 1702]
- 5 **Small claim jurisdiction.** Increases the small claims jurisdiction limit for state tax claims from \$5,000 to \$15,000. This is consistent with the jurisdiction in conciliation court. [H.F. 1773]
- 6 **Account purpose, grants.** Replaces the phrase "drug court" with "treatment court." [H.F. 2431]
- 7 **Treatment court fees.** Replaces the phrase "drug court" with "treatment court." [H.F. 2431]
- 8 **Court documents.** Expands the exemption from the notarization requirement to include documents presented in support of a request for a court order, warrant, or other relief. Provides that presenting a document to a judge or judicial officer for signature constitutes verification under oath. [H.F. 2431]
- 9 **Review of applications; selection of recipients.** Eliminates the unique income eligibility criteria for farmers who seek assistance from organizations that provide legal services. Under current law, a farmer is not eligible for legal aid if the farmer's federal adjusted gross income exceeds \$15,000.

With this section, income eligibility for farmers would be indexed to Federal Poverty Guidelines, as it is for others who request legal aid. In general, legal aid is available to individuals and families with income that does not exceed 125 percent of Federal Poverty Guidelines. According to federal regulations, in 2017 a family of one that qualifies for legal aid can have no more than \$15,075 of income; income for a family of four cannot exceed \$30,750 (Code of Federal Regulations, Title 45, Subtitle B, Chapter XVI, Part 1611).

Under this section, farmers would remain subject to a unique asset-to-debt eligibility standard. Under current law, farmers eligible for legal aid in Minnesota must have a debt-to-asset ratio greater than 50 percent. [H.F. 1165]
- 10 **Referee duties.** Requires a direct appeal to the Court of Appeals for review of referee orders in probate and civil commitment proceedings. [H.F. 2431]
- 11 **Expedited child support process.** Moves language on expedited child support hearings reported through electronic recording equipment. [H.F. 2431]
- 12 **Salaries.** Strikes outdated salary provisions that are now contained in the judicial branch personnel policies and collective bargaining agreements. [H.F. 2431]
- 13 **Charge for transcript.** Strikes the old statutory rate that may be charged for a transcript and replaces it with a current reference to the rate set by the chief justice. [H.F. 2431]
- 14 **Applicable crimes.** Adds the crime of felony assault by strangulation against a family member to the list of crimes a parent has been convicted of committing that shift the burden

Section

for determining custody and parenting time. Existing law requires the court to appoint a guardian ad litem to look out for the child's best interest in these cases.

When the parent of a child has been convicted of certain violent crimes and crimes against children and the crime occurred in the last five years or the person is still incarcerated, on probation, under supervised release, or where the victim of the crime was a household member, then the presumption is against the parent convicted of the crime and they have to prove that visiting with the child or having custody is in the child's best interest.

In cases where the victim of the crime was a family or household member, the parent convicted must prove it is in the child's best interest by clear and convincing evidence, which is a high standard than most civil family law cases. [H.F. 1654]

15 **When owed; rate.** Removes the ten percent interest rate from the period between commencement of suit and entry of judgment for judgments or awards of \$50,000 or more. Interest is added to civil judgments by looking at three time periods:

1. from commencement of the suit or claim until a verdict or award (paragraph (b));
2. from verdict or award until entry of judgment by a court (paragraph (a)); and
3. from entry of judgment until payment (paragraph (c)).

Under current law, the interest rate on judgments or awards of \$50,000 or more is ten percent for all three time periods, except that it is not applied to the state or political subdivisions of the state. The interest rate on judgments under \$50,000 is set by the court administrator based on the secondary market and calculated as a simple interest per year, but is no less than four percent. This section would give all state and nonstate civil judgments the same interest rate for the period from commencement of the suit or claim until the entry of judgment but would exempt cases where an insured person was awarded a judgment against some insurers for a failure to provide payment, which is set by statute at ten percent. Minn. Stat. § 60A.0811. The interest rate on judgments or awards of \$50,000 or more would remain ten percent for the period from entry of judgment until payment. [H.F. 1281]

16 **Venue.** Adds a venue provision in the perjury statute. Provides that a violation relating to false statements in court documents may be prosecuted where the statement was signed or filed. [H.F. 2431]

17 **Temporary restraining order; relief by court.** Changes the requirement that a request for a temporary restraining order hearing be made within 45 days after the temporary order is issued to within 20 days of the date of completed service of the petition for a hearing. [H.F. 2431]

18 **Application.** Requires a sentencing criminal court to refer a case to family court if the person being sentenced has been convicted of the crime of felony assault by strangulation against a family member and the person convicted has custody or visitation with their child and there is no pending family court action. Existing law requires that the court appoint a guardian ad litem in these family law cases. [H.F. 1654]

19 **Evidence of videotapes, audiotapes, or other recordings.** Currently, a video or audio recording prepared by a peace officer using recording equipment in an officer's vehicle

Section

cannot be excluded from evidence at a trial on the ground that there was no written transcript of the recording prepared and available before trial. This section expands the category of covered recordings to include an officer's body camera. [H.F. 1343]

20 **Effective date; sunset.** Extends the pilot project permitting the use of electronic monitoring to protect victims of domestic abuse from August 1, 2017 to August 1, 2021. [H.F. 1806]

21 **Repealer.** Repeals:

- 169.685, subd. 4 -- Eliminates the "seat belt gag rule". Currently, the gag rule prohibits introduction of evidence regarding the use of or failure to use a seat belt in any civil action for damages arising from a motor vehicle accident. The rule does not apply in an action that alleges a defectively designed, manufactured, installed, or operated seat belt or child passenger restraint system. This section would allow a party to submit evidence regarding the use of a seat belt in a civil action, subject to standard evidentiary rules. [H.F. 251]
- 486.05, subd. 1a – Court reporter reimbursement provisions which allow court reporters to be reimbursed for travelling expenses when absent from the home chambers where the judge the reporter serves is assigned. [H.F. 2431]
- 525.112 – Hennepin County court reporter salary provisions, last updated in 1941, which permit an annual salary of \$3,000 for a court reporter. [H.F. 2431]

Article 3: Corrections

Overview

This article contains policy provisions regulating corrections and probation.

1 **Permissible claims.** Claims for medical expenses or compensation for total disability, permanent partial disability, or death may be submitted to the Department of Corrections and, if valid, the department shall pay the portion of a claim that is not covered by the claimant's insurance. Under current law, eligible claims are for individuals who suffer injury or death and are:

1. inmates of a correctional facility or local jail conditionally released to perform compensated or uncompensated work; or
2. individuals subject to a court order who perform work (a) in restitution, (b) to work off fines or court ordered costs, (c) in lieu of incarceration, or (d) as a condition of a sentence.

This section limits claims by inmates to injury or death that occurred while performing work in the community. It also expands the list of covered individuals to include those performing work service in lieu of correctional fees and those on a sentence-to-service work crew. [H.F. 1452]

Section

- 2 **Commissioner, powers and duties.** Authorizes the commissioner of corrections to house inmates in non-publicly owned correctional facilities. The section directs the commissioner to either: (1) purchase and operate; or (2) enter into a lease-to-own agreement to operate the private prison in Appleton, Minnesota, in order to address bed capacity shortfalls in state correctional facilities. [H.F. 1510]
- 3 **Conditional release.** Requires probation and parole agents supervising nonviolent controlled substance offenders to identify community options, including substance abuse treatment, in response to technical violations of the conditions of supervision. Allows offenders, by written stipulation, to restructure terms of supervision to include participation in appropriate community options. Permits courts to amend the terms of supervision based on offenders' written stipulations. Requires supervising agents to attempt to place offenders in a local jail when revoking supervision. [H.F. 2176]
- 4 **Allowed expenses.** Reforms the billing process for reimbursement to counties for costs they incur transporting inmates to and from state correctional facilities. Under current law, counties submit bills for each specific trip. The section allows payments be made up to two times each fiscal year based on a fee schedule agreed to by the Department of Corrections and the Minnesota Sheriff's Association. The total amount of payments may not exceed \$500,000 annually. [H.F. 1579]
- 5 **Sanctions for violation.** Requires supervised release agents supervising nonviolent controlled substance offenders to identify community options, including substance abuse treatment, in response to technical violations of the conditions of supervision. Requires agents to restructure the terms of supervised release to include participation in appropriate community options. Requires supervising agents to attempt to place offenders in a local jail when revoking supervision. [H.F. 2176]
- 6 **Modification.** Requires that changes to the Sentencing Guidelines receive legislative approval before they take effect. There is no change to the requirement that the Sentencing Guidelines Commission submit proposed changes by January 15th of any year in which the commission wishes to make a change. Currently, the legislature has the power to reject proposed changes, but the changes take effect on August 1st if the legislature does not reject them. [H.F. 33]
- 7 **Alternatives to incarceration.** Requires county probation agents conducting sanctions conferences regarding nonviolent controlled substance offenders to identify and recommend appropriate community options, including substance abuse treatment, in response to technical violations of the conditions of probation. Subd. 4. Report. Requires the commissioner to submit a report describing the screening developed pursuant to subdivisions 1 and 2, the number of offenders identified as being likely to commit domestic violence offenses upon release, the number who participated in programming, and recidivism rates of released offenders including the number who committed domestic violence offenses. [H.F. 2337]

- 1 **Disaster assistance contingency account; appropriation.** Adds a conforming change to the disaster assistance statute to reflect the addition of utility cooperatives to the statutory list of entities that are eligible for state disaster assistance appropriations. Subd. 1. Establishment. Driving after cancellation as inimical to public safety is an eligible offense if the defendant complies with the ignition interlock program. An individual who holds a commercial driver's license, or committed an offense in a commercial motor vehicle, is not eligible for the program.

Subd. 2. Contract. Permits cities and counties to contract with third parties to administer the program.

Termination for successful completion requires reinstatement of the participant's driver's license and dismissal of the original charge. Fees paid by an individual who leaves the program before completion must be retained for five years and, if the individual returns to the program, must be applied to the later participation. After five years, the fees are forfeited.

Subd. 7. Biennial report. Requires a biennial report.

Effective date. The program becomes effective on July 1, 2020 or the day following the date the Minnesota Licensing and Registration System (MNLARS) becomes effective, whichever is earlier. [H.F. 1670]

The Federal Emergency Management Agency offers nonprofit security grants to promote target hardening and other physical security enhancements to nonprofit organizations that are at high risk of terrorist attack. Minnesota's Division of Homeland Security and Emergency Management currently reviews, scores, and ranks each application before submitting the applications to the federal agency.

The section would create a state program to supplement the federal program. Applications for the federal program would also be treated as applications for the state program. Once recipients of the federal grants are announced, the Division of Homeland Security and Emergency Management will award state grants of up to \$75,000 beginning with the highest ranked applicant. No applicant could receive more than a total of \$75,000 from both the state and federal programs. [H.F. 1802]

Article 7: DWI

Overview

This article amends existing statutes to reflect recent court decisions related to the warrant requirement for blood and urine testing of individuals suspected of driving under the influence and establishes a new section addressing license revocations based on a refusal to comply with a warrant for blood or urine testing, or failing a test performed pursuant to a warrant.

In 2015 and 2016, both the Minnesota and U.S. Supreme Courts decided several cases addressing the question of whether law enforcement officers must obtain warrants to conduct breath, blood, and urine tests of individuals suspected of driving under the influence of alcohol or a controlled substance. Both courts determined that:

- (1) no warrant is necessary to require drivers to take a breath test when there is probable cause to believe that the driver is under the influence; and
- (2) a warrant is required before requiring a blood or urine test.

In *State v. Thompson*, the Minnesota Supreme Court concluded that conducting a blood or urine test without a warrant violates the Fourth Amendment, and that no one can be prosecuted for refusing to submit to an unconstitutional warrantless blood or urine test.

Section

- 1 **Prior impaired driving-related loss of license.** Amends the definition of “prior impaired driving-related loss of license” to include a license revoked pursuant to a search warrant for a blood or urine test under new section 171.177. [H.F. 2364]
- 2 **Refusal to submit to chemical test crime.** Moves the refusal to submit to a blood or urine test to a new clause, clarifying that a warrant is required for a blood or urine test. [H.F. 2364]
- 3 **Breath test advisory.** Removes references to blood and urine tests, and to the presence of controlled or hazardous substances, from the advisory that must be given to individuals before they can be required, without a warrant, to take a test to determine if they were driving under the influence of alcohol. [H.F. 2364]
- 4 **Requirement for urine or blood test.** Establishes that a blood or urine test may only be required pursuant to a search warrant and where there is probable cause to believe that: (1) there is impairment by a substance not subject to testing by a breath test; (2) a controlled substance listed in Schedule I or II is in the person’s body; or (3) the person is unconscious or incapacitated to the point that the person is unable to comprehend a breath test advisory or otherwise voluntarily submit to testing. [H.F. 2364]
- 5 **Revocation; pursuant to search warrant.** Requires peace officers who execute warrants for the collection of blood or urine samples in a suspected DUI to certify to the commissioner of public safety when suspects refuse to submit to tests or provide samples that exceed the legal limits. Establishes license revocation standards and administrative and judicial review procedures for blood and urine tests that mirror the existing standards and procedures for test refusal and failure in sections 169A.52 and 169A.53, but include specific provisions related to the warrant requirement. [H.F. 2364]
- 6 **Repealer.** Repeals section 169A.51, subdivision 3, which permits a peace officer to direct whether a chemical test for intoxication is of blood, breath, or urine. [H.F. 2364]

Article 8: Controlled Substances

Overview

This article updates Schedule I of the controlled substance schedules listed in chapter 152. Minnesota law requires the Executive Director of the Board of Pharmacy to recommend to the legislature updates to the statutory controlled substance schedules so that the statutory schedules match the schedules maintained by the board. The article adds nine synthetic drugs to Schedule I. These drugs include cannabinoids, stimulants, hallucinogens, psychedelics, and opioids. The Board of Pharmacy has concluded that each of the drugs can be abused, are potentially addictive, and have no approved medical uses, which are the criteria for placing a drug on Schedule I. The Bureau of Criminal Apprehension and local law enforcement agencies have notified the Board of Pharmacy that these drugs have been confiscated in Minnesota.

This article modifies state law so that drug scheduling changes made by the Federal Food and Drug Administration (FDA) and Drug Enforcement Administration (DEA) are automatically adopted in Minnesota and remain

Section

aligned with the federal schedules until the Board of Pharmacy or legislature schedules the affected drugs differently. **[H.F. 1875]**
