Overview

HF 1263 requires a county to treat its levy for a soil and water conservation district as a special taxing district and requires that the levy for this district be certified separately.

Section

- 1 County levy authority.** Requires a county levying a tax for a soil and water conservation district to certify the levy separately from other taxes, in the manner currently required for certification of levies for watershed management districts. Requires that the levy be extended as a special taxing district levy.
- 2 Special taxing districts; definition.** Modifies the definition of special taxing district to include soil and water conservation districts.
