This bill, as proposed to be amended by the H2835DE2 delete-all amendment, would appropriate \$9 million from a Driver and Vehicle Services operating account for reimbursement aid to deputy registrars. It specifies a formula and calculation methods for distributing the aid, excludes transactions and offices operated by Driver and Vehicle Services, and directs Minnesota Management and Budget to seek to distribute the aid within 30 days of the bill's effective date.

The distribution of aid is based on proportional shares of transactions handled by the deputy registrars, measured based on instances of filing fees collected.

- 50 percent of the funds are distributed based on each deputy registrar's proportional share of transactions from August 1, 2017, to January 31, 2018.
- 50 percent of the funds (or all of the funds if recent transaction data is not available) are distributed based on each deputy registrar's proportional share of transactions over fiscal years 2015-2017. An average share is used for deputy registrars that have not been in operation over that entire time period.
