---

This bill creates a special ready reserve plate for current and former members of the 934th airlift wing of the Air Force Ready Reserve or the 133rd airlift wing of the Minnesota Air National Guard. Current law provides for ready reserve plates for current reserve service members who are not in the National Guard. This plate would be distinct from both the current ready reserve plate and the National Guard plate and be authorized for current and former members of the designated organizations.
