Date June 15, 2020

Overview

The Sanneh Foundation programs provide all-day, in-school, and after-school academic and behavioral interventions for low-performing and chronically absent students focusing on underserved students of color and students from low-income families. Program goals include decreasing school absenteeism, encouraging school engagement, improving student grades, and increasing graduation rates.

The 2016 Legislature appropriated \$1.5 million for this program and the 2017 Legislature appropriated \$1 million for expansion of the program. No state funding has been appropriated since that time.

H.F. 30 appropriates an unspecified amount in fiscal year 2021 to the Sanneh Foundation for additional programming and makes the funding part of the base budget for future years.

Summary

Section	Description
---------	-------------

1	Sanneh Foundation grant.
----------	---------------------------------

	Appropriates an unspecified amount in fiscal year 2021 from the general fund to the Sanneh Foundation for programs providing all-day, in-school, and after-school academic and behavioral interventions for low-performing and chronically absent students focusing on underserved students of color and students from low-income families. Adds an unspecified amount of funding for the Sanneh Foundation programs to the budget base for fiscal year 2022 and later.
