

**Subject** Fees related to tips via credit card

**Authors** Davnie and others

**Analyst** Ben Weeks

**Date** February 19, 2019

## Overview

This bill repeals the Minnesota Rule that expressly allows credit card fees associated with tips to be deducted from a tipped employee's wages. The bill requires that all credit card tips be credited to an employee within the pay period that the tip was made and requires the full amount of a tip be given to an employee.
