Overview

This bill appropriates \$67,000,000 from the bond proceeds fund to the Public Facilities Authority for a variety of clean water projects:

- \$5,000,000 for matching federal grants for the clean water revolving fund and the drinking water revolving fund, money must be used for qualified capital projects;
- \$40,000,000 for grants to eligible municipalities under the water infrastructure funding program; and
- \$22,000,000 for grants to eligible municipalities under the point source implementation grants program, money must be used for qualified capital projects.

Funding for these appropriations would come from the sale and issuance of bonds of the state. This bill has an effective date of the day following final enactment.
