Overview

This bill appropriates \$400,000 in fiscal year 2020 and the same amount in fiscal year 2021 from the general fund for a grant to Prepare and Prosper. This money would fund the financial services inclusion program that assists low-income and financially underserved populations with building savings, strengthening credit, and obtaining greater financial stability.

Prepare and Prosper received an appropriation in the 2017 jobs omnibus law for the same amount and purpose.
