Overview

This bill repeals the statute that limits compensation for local government employees. It also, in section 1, makes a conforming amendment in the Metropolitan Airports Commission statute.

For information on the current limit, what constitutes “compensation,” the process available in law for waivers to the limit, and the history of the law, see the House Research publication “Compensation Limits for Local Government Employees,” dated January 2019. <https://www.house.leg.state.mn.us/hrd/pubs/ss/sscomplmts.pdf>

The website for the subcommittee on employee relations of the Legislative Coordinating Commission has a spreadsheet of waiver requests from 1997 to January 2018. <https://www.ser.leg.mn/>
