Overview

House File 1148, as amended by the H1148A1 and H1148A2 amendments, creates a revolving loan fund to provide low-cost funds school districts can use to make energy conservation investments in order to reduce school energy costs. Loans are to be made at below the market rate of interest for terms up to 15 years. \$8 million is appropriated from the general fund and \$8 million from the renewable development fund in fiscal year 2020 to the commerce commissioner for this program.
