Overview

This bill would increase the fee for cross-country-ski passes. Cross-country-ski passes are required for those 16 years of age or older in order to ski on state cross-country ski trails and grant-in-aid cross-country ski trails. The fee would increase from \$19 to \$24 for an annual pass, from \$54 to \$69 for a three-year pass, and from \$5 to \$9 for a daily pass.
