

Subject School building bond agricultural credit

Authors Marquart and others

Analyst Jared Swanson (jared.swanson@house.mn)

Date March 13, 2019

Overview

Increases the school building bond agricultural credit from 40 percent to 100 percent of the tax on the property attributable to school district bonded debt levies. The credit is available to all property classified as agricultural, excluding the house, garage, and surrounding one acre of land of an agricultural homestead.
