

Subject Growler sales—barrel limit

Authors Loeffler and others

Analyst Christopher Kleman

Date February 28, 2019

Overview

Current law only allows microbreweries to sell growlers if the microbrewery brews 20,000 barrels or less of malt liquor per year. H.F. 1802 would remove the 20,000 barrel limit for growler sales.

Summary

Section	Description
1	<p>Prohibition.</p> <p>Strikes the prohibition under current law that disallows a municipality from issuing an off-sale license to a microbrewery that exceeds 20,000 barrels of production per year.</p>
