Date March 1, 2019

Overview

This bill modifies the existing requirement for water in child care programs to be served in single use cups and allows for child care programs to provide water in reusable bottles.

Summary

Section	Description
1	Water bottles in child care programs. Amends § 245A.14 by adding subd. 16. Allows child care programs to provide water in labeled water bottles; specifies sanitation requirements. Makes this section effective the day following final enactment.
