

**Subject** Barter arrangements in state optical fiber contracts

**Authors** Elkins

**Analyst** Matt Gehring

**Date** April 10, 2019

## Overview

In general, state contracting law prohibits agencies from entering contracts that are supported by a barter arrangement, with a few exceptions. This bill adds contracts for state-owned optical fiber to the list of exceptions.

In a barter arrangement, goods, services, or other nonmonetary consideration is directly exchanged between the contracting parties; there is no monetary exchange.
