**Summary**

This bill appropriates \$260,000 in fiscal year 2021 from the general fund to the commissioner of human services for food shelf programs to purchase diapers; requires Hunger Solutions to establish an application process for food shelves to determine the allocation of money to food shelves to purchase diapers; and specifies this appropriation is in addition to any other food shelf appropriations and is added to the base.

Food shelf programs use state funds to purchase, transport, and coordinate the distribution of nutritious food to needy individuals and families.
