Overview

Requires the department of employment and economic development (DEED) to make a report to the legislature every two years, starting by January 15, 2020, that provides an inventory of all workforce development programs provided by or overseen by the state of Minnesota. Mandates the inventory be broadly inclusive and include program costs, the number of staff and participants, explanations of what each program does, and any quantifiable measures of program success. Appropriates \$20,000 in fiscal year 2020 from the general fund for the costs of creating the first report.
