

**Subject** Self-directed caregiver grants

**Authors** Lippert and others

**Analyst** Danyell A. Punelli

**Date** February 19, 2020

## Summary

This bill modifies self-directed caregiver grants by: (1) requiring the Minnesota Board on Aging to consult with area agencies on aging and other community caregiver stakeholders on the administration of the program; (2) removing a requirement that the Board on Aging give priority to consumers who receive long-term care options counseling and use an unpaid caregiver; and (3) requiring an annual legislative report on the self-directed caregiver grant program.
