## Summary

Section	Description
---------	-------------

1	<b>Repealer [ §§ 182.6525; 182.659, subd. 1a ]</b>
---	--

Repeals state occupational standards for crane operation certificates, training, and inspection, to be replaced with the 2018 federal OSHA standards for crane operator training, certification, and licensing. Adopting the more restrictive federal standards via state rulemaking procedures (Minnesota Statutes 2018, sections 14.386 and 14.388) will put MNOSHA in line with similar OSHA programs in other states.
