

**Subject** Coroner or medical examiner given access to criminal justice data

**Authors** Long

**Analyst** Ben Johnson (651-296-8957)

**Date** February 28, 2020

### Overview

Current law provides that the criminal justice data communications network can only be used by identified entities to perform specified purposes. This bill expands the permitted use to include coroners and medical examiners when they are seeking to identify a deceased person.

### Summary

Section	Description
