## Summary

H.F. 3890 amends a 2017 special liquor law for the city of Sartell that allows the city to issue on-sale intoxicating liquor licenses for certain city-owned facilities. The bill would change the name and street address for one of these facilities (Champion Field would become St. Cloud Orthopedics Field).

H.F. 3890 would also strike current language in the special law deeming the city to be the licensee and imposing the financial responsibility and suspension of operations requirements that apply to municipal liquor stores to the city facilities.
